July 18

Dear Don -

I am in receipt of your letter of the 13th. I'm glad your lithic school turned out well.

I am pleased you are planning to arrive here on July 26. I have enclosed a sketch map to get you from Crawford, Neb. to the site. Plan to eat with us, even though you will have your camper. We would be very pleased to have you stay as long as you can - especially through the weekend visit by Marie, Dick Shuttles, etc. Vance has been here, but plans to return. I'm sure your presence will add to his return.

Looking forward to seeing you & Evelyn.

Best regards,
Larry
