Dearest Doris:

Haven't heard from you as about you
for a while. but do hope you are
steadily improving. We are enjoying
Idagstaff and our new home. Kerry
is much happier here so of course
so are the rest of us. We have
very cold temp right now and
about a foot of snow. Has been
down to 22 below zero. Just got
our water pipes thawed tonight
after 3 days being frozen. We do
wisk you a blessed Christmas
and happy new year. Love
Larry

May the beauty of Christmas
be with you all year.

Merry Christmas
and
Happy New Year

MERRY CHRISTMAS:

This has been a "Praise The Lord" year and we have been doing just that. He has been so good to us.

The first part of 1978 saw Finn and I on a trip to Calif. with a friend where we took in all the tourist sights and saw friends.

In May, Larry and I flew to Flagstaff to interview for a new job and were delighted when it was offered. Finn and I spent June and July selling the house and having garage sales. The first of August he and I drove to Flag and beat the moving van by 2 hours. We had things in place when Larry got here the 23rd the day before his classes started at the Univ. He is teaching hydrology at Northern Arizona Univ.

The first 2 weeks of June were spent at Dove Creek Colo. digging a pueblo site and July, Larry was uncovering more of the 20,000 year old Mammoth at Hot Springs, So. Dakota.

Larry's book "The Hudson-Menz Bison Kill" was published in June and what a relief to have that done.

Brett was discharged from the Army in Oct. and is so delighted to be home and working as a security guard. His army buddy is living with us at the moment.

Finn is doing well in school here and made the Honor Roll. He enjoys Mtn. climbing class and looking forward to skiing.

I am taking a geology class and we hiked into the Grand Canyon and did a 10 mile hike while down there, then on the 3rd day hiked out. It was great.

We wish you all a very HAPPY NEW YEAR WITH ALL OF JESUS' BLESSINGS, salvation, joy, peace love and the multitude of other good things he gives.

Shirley
