the BUZZER  
on your bed  
is for??...**

Don -

It was good to visit with you again, even if it was while you were on a hospital bed. I hope by now that you are feeling much better.

As soon as you are up and around and feel you have the time, let me know and I will send you that tool so you might make a detailed study of it.

We hope you are able to make it out of the hospital and to the Pecos Conference. Know you are in our prayers.

Best regards,  
Lucy
