Mr. Don Crabtree
Box 39
Loop 1
Kimberly, Idaho

Dear Don:

I was delighted that the field school went so well and that you were pleased with Mr. Irwin Rovner.

I have heard about Evelyn's illness and it has disturbed quite a lot of us here, because she is very highly respected throughout the profession. I can also sympathize with you because my mother is currently in the hospital in Philadelphia with the same type of bone condition, and I know the trauma and tension and pressure an illness such as this can bring. Let's all hope for the best and certainly give my fondest regards to your wife who I think is a really charming individual.

Sincerely,

George Agogino
