

Dear Don

I hope all is well with you and your health is improving.

I have been going flat out back

here in the Kimberleys - my new

job is Research Officer for a Land

Council and involves mapping tribal

boundaries, sacred sites etc during the

course of which I pick up a

lot of Ethnographic data.

Enclosed is the 1st paper on  
heat / lithic technology in W.A. A second

I am drafting deals with the  
ceremonial references such as those  
on the tape I sent you.

I hope you will have  
a good Xmas and look forward to  
hearing from you  
Kind Regards
