

ARIZONA STATE MUSEUM

THE UNIVERSITY OF ARIZONA

TUCSON, ARIZONA 85721

Dear Don,

18 Sept 69

Just a brief note for now. Hope this finds both of you well.

I was in the library the other day and ran across a book I hadn't seen before dealing with lithic material. I suppose you already know about it but maybe not. At any rate I am going to be presumptuous and tell you the title anyway.

It is: Primitive Methods of Working Stone
Based on Experiments of Halvor L.
Skavlem, Logan Museum Bulletin Vol.2,
No.1,1930.

By: Alonzo W. Pond

I found it rather interesting.

I am busy-still with the Tucson Urban Renewal. Hopefully we are on the down hill side of things now.

I read your latest(?) article in CA the other day.

Write sometime if you have time.

Say hello to your wife for me.

As Ever,

Jim Ayres
