Dear Don:

Many thanks for your letter and enclosure of April 1. We will prepare your holding device for chipping, and we will also have the plywood available for the elevated platform. I have also contacted the appropriate individuals at the university, and we should have the closed-circuit TV available.

As I indicated in my last letter, you will have one hour and fifteen minutes to one hour and a half for your presentation, so you can structure your lecture in anyway that is suitable. We will have a 16mm projector available if you decide to show your film.

Once again, I appreciate your sending me the data we will include in the printed program. We are now as prepared as we can be at this point. I will be writing to Professor Bordes again in the next ten days.

Cordially yours,

Chuck Bareis
Secretary-Treasurer
