Mr. Don E. Crabtree  
Route #1, Box 39  
Kimberly, Idaho 83341

Dear Don:

Thank you for your letter of September 22. Notwithstanding your personal problem mentioned in the letter and, of course, your previous reference to this earlier in the year, we still very much desire to have you participate in the Workshop on Saturday, December 4. Based on your letter of March 13 in which you had indicated that you would attend the meeting, I have assumed that your personal situation was somewhat alleviated, and I have accordingly prepared the program with you as a participant.

I would like to go ahead assuming that you will be here on Saturday, December 4. If for the reasons you have indicated in the past you find that you absolutely cannot be here on the Workshop date, I would assume that you would let me know at least a week to ten days prior to December 4. Under these conditions, we will go ahead with Mr. Rovner and have him fill in for you. If this situation develops, then I assume you would get in touch with him at the same time you would contact me. We definitely want the chipping demonstration, and would only wish to use the films as a secondary source of information or if you feel it is an integral part of either your or Mr. Rovner's program. Your judgment on this matter has to be the best.

Please understand that all of us, as well as all of the visiting public, will understand completely if you are unable to be here. However, at this point we are assuming you can come, and we are going ahead on this basis. All I can say is just keep in touch with me as your plans develop. We have our fingers crossed that everything will come off as planned.

Cordially yours,

Chuck Bareis  
S-T
