Dear Chuck:

Thank you for your letter of Sept. 27th and for your consideration of the health problems of my wife over which I have no control. I will look forward to attending the session if it is at all possible. If conditions do not permit my attendance at that time I will advise you at least two weeks in advance and make arrangements with Mr. Kovner to be there.

In the meantime I would like to send some lithic materials to be sure they arrive in plenty of time. I could send a sack by motor freight at any time and at the place you suggest.

I just received a letter from Francois saying he would be there in December and hoping that I could attend. I invited him to visit in Kimberly, but he can not come then but will be here in the Spring. It will be good to attend your meeting and see Francois again.

Thank you so much for your kindness and hope to see you in December.

With best wishes,

Don E. Crabtree
