Mr. Chuck Baneis
Illinois Archaeological Survey
109 Davenport Hall
University of Illinois
Urbana, Illinois 61801

Dear Chuck:

Thanks for your letter of Nov. 11th and glad you received the obsidian. Hope it is in good shape and that the good old post office has produced some pseudo artifacts from mishandling.

We have already arranged for our tickets, so no need for you to concern the Extension people about this. To repeat - we leave here at 8:40 A.M. Leave Salt Lake at 9:55 A.M. Arrive Chicago at 1:35 P.M. Leave Chicago at 2:40 P.M. and arrive via O-rand at Unband at 3:26 P.M. on Dec. 2nd. Will be looking forward to meeting you and having another chance to get together with Francois.

Inv Rovner writes that he, too, plans to attend the workshop and is bringing his toolkit and we may do a little knapping together. Now if we can just get Francois to join in we can get the techniques of three people which worked quite well when Bondes, Tixier and I did the same thing at Tempe.

If possible, I will try to get at least one of the films from the University - particularly the one on pressure for it shows the techniques much better than one can see in the audience.

Will be looking forward to the workshop.

Best regards,

Don E. Crabtree
