Dear Don —

Most sincere thanks for a most rewarding week with you, your friends and Twin Falls & "the Snake"! ... and apologies for this delay in writing. May Christmas and the New Year be at least as rewarding to you.

I'm enclosing three pictures - all in summer to give you the flavor of Friendship Harbor and a "small view" of Connie on one of the wharves when "Vaseline" had most of the town out as they filmed a TV ad here.

Connie is in jeans and white sweat shirt 2nd from the left.

Now I've found a winter moon scene to give you a little of the flavor of early Maine winter (on the coast we don't get much snow). The harbor is right out in front of us.

So-o-o-o Merry Christmas & Happy New Year from Friendship and
" " " " Connie and Andy
