Dear Colleague,

May I acknowledge your referee's report on the article submitted to CURRENT ANTHROPOLOGY by L. Lewis Johnson entitled

" Plus ça change, plus c'est la même chose : Flint knapping experiments to 1950 "

After having considered the advice of the international panel of referees, I have decided to return the article to the author with suggestions for revision.

May I take this opportunity of thanking you for your advice, which was taken into account with that of others in reaching a decision.

Yours sincerely,

Cyril S. Belshaw
