April 5, 1968

Dr. and Mrs. Lou Binford
3016 Durand Drive
Hollywood, California

Dear Lou and Sally:

Both Evelyn and I want to thank you for the delicious dinner and the most enjoyable evening we spent at your home. It was, indeed, the highlight of our trip. Please pardon me for this tardy letter, but a backlog of mail, flu and dental problems interfered. Do wish we could have spent more time together for there was so much I would like to talk to you about but will have to forgo all my questions until we see you in Santa Fe.

Have had a couple of brief notes from Francois and he says there is a possibility that he may come to the States in 1969. I surely do hope so, for I have much work to do with this wonderful man.

Under separate cover I am sending you some random artifacts I made which show different examples of pressure flaking. You may find them of interest - particularly the projectile point with psychodelic artwork within the material.

Thank you again for your kind hospitality and we will look forward to seeing you in Santa Fe.

Yours very truly,

Don E. Crabtree
