Dear Miss Blitzer:

Receipt is acknowledged of your letter of Nov. 24th regarding your desire to work with me in Idaho. I would be glad to have you visit me anytime between Dec. 13th and Dec. 22nd. As you will note from the above address I do not live in Pocatello but, rather in the country outside Twin Falls, Idaho. To fly here you must take a plane to Salt Lake City, Utah and from there take Air West from Salt Lake City to Twin Falls, Idaho. If you will advise me of your arrival date and time I will meet you at the airport.

I am sorry that I can not offer you a room in my home but we have a small one bedroom house and, therefore, you will have to provide your housing at a local motel or hotel. There is a motel not far from my home.

If possible would like to have you bring a representative collection of cores, blades, flakes and any stone artifacts that you think might be of diagnostic value. I don't think we could cover much technology in two days so would advise, if possible, that you plan to spend more time here.

Please advise me of your plans and I will try to have my assistant, Bill Statham, come down from the university to work with us. Will be looking forward to this meeting.

Sincerely,

Don E. Crabtree
