Dear Sir:

Know your time is valuable, but I write
and hope.

Was born one-handed and have taught my-
self to be a flint-knapper-of sorts. I work in
the late Archaic & Woodland Cultures. I chip
mostly bird tips & Cahokia points. Do some
fluting = NOT always successfully.

Have started a collection of the work of
modern knappers. (A picture of the knappers & a
typical point or two.) Would you be interested in
trading a couple home-made points for a few
home-made Mo. points?

Will also send a fluting theory to the
journal and see if you boys can get it to work
at the Little Lake Knapsin. I cannot test
my theory with only one hand.

Also - have you considered a Cent rally

- 2 -

located Knop-in - Some people can't afford the time or money to go to the West Coast. A centrally located Knop-in may attract many of these people. Missouri maybe?

Thanks for reading my letter. Keep on Chipping.

Sincerely;

Fred Bollinger
