Dear Don:

It was fantastic to see you and Evelyn last week. I am still on an incredible high from the conference. What a great learning experience.

Enclosed you will find a copy of your paper. I am submitting a copy for publication in the University of Calgary Monograph Series.

It will probably be 2 weeks to a month before you get refunded for your travel expenses. I am waiting for other participants to get their receipts in so that the funds can be divided in an equitable manner.

Until later my warmest regards.

Best wishes,

PS. It looks like I will be able to raise funds for a Closed Shop session here in Orono next fall. I will keep you posted as things develop.
