Dear Don,

Please forgive my delay in correspondance. I have been swamped. It was indeed good to hear from you. My previous letter undoubtedly passed yours in the mail.

I requested \$200.00 on your behalf from the Canada Council grant. I have yet to receive payment here. If you have not been reimbursed within a month please let me know so that I can initiate some action on the matter.

Chances seem good for raising funds to bring together a small group of flintknappers here next fall. I will keep you posted as things develop here.

I hope you and Evelynm have a good new year.

Best wishes,

*Rob Bonnichsen*
