Dear Don & Evelynne -

I'm sorry I didn't make it down Friday, but as I am now afoot due to selling my VW, I am dependent on rides. My brother decided not to go to Boise so I had to stay here. The package that Guy is bringing was given to me by Dr. Sixier in Beirut to give to you. These are special as they have a Byzantine cross on them which makes them more valuable than those without the crosses. I received one for my birthday sans a cross. I think ~~they~~<sup>it is</sup> are beautiful but haven't seen yours so one of these days I'll come to view them and tell you of my trip.

I hope this letter finds Evelynne feeling better + hopefully I'll see you if you all come to Pocatello. I am presently working away on my thesis and job hunting. Presently I have a part time job working at Bannock Hospital in the cafeteria so won't starve. Besides I might even get my thesis done this way.

Sorry I didn't make it down -

As Ever

Dixie Bonnichsen
