Dear Don,

I have neglected you terribly!!
Our second trip from Del. I was
about half sick and didn't want
to expose anyone to my bugs.
Since our home arrived in Feb.
we have been very busy people,
especially with business. I sold
my Madras property - one head-
ache gone and a good prospect
on my holdings in Pocatello. That
won't be so easy, but will sell
if the opportunity is presented.
Eva and little Gary are still in our
Apt and Eva serves as my Agent
and is working for Mildred Truma.
She is my gal! Our little one is precious!

Don, I have wondered about
you, hoping the surgery is over
and you ^{are} well. Received a clipping
from the paper about your work,
knowing you - now - your work is
your life and you are happier
keeping busy. Just remember - Your
old friend loves you too and

would be delighted to have you
come visit. Clif thinks you are
one of the most interesting of all
the people he has known and
joins me in the invitation to
come - stay as long as you can
stand us.

Clif has made 2 trips recently,
to Dallas, one to Atlanta and goes
back to Dallas Wed, for only a day
this trip. With my going to Madras
and one hurried business trip to
Pocatello, we practically meet, going
& coming. Things are settling
down. Clif loves the challenge
of his work here and has been
most successful. He also like
being in the West again.

Please now, let us know about
you! Our address:
