Dear Don,

Yes, we are now living at Nampa or will be when we get settled in completely. She bought a 3 bedroom home slightly in the country and so far I have two empty rooms. Haven't had time to shop.

Our furniture arrived the 8th - Sis has a broken ankle, a very bad break, 'Mother' needs help at times so your truly has been a busy gal.

Our kids from Beatell's plan to come for Xmas - we will manage somehow.

Don, Please come see us.

We hope your well. Please give your Mother my love and I'm wishing her a merry Xmas.
