Peter Bleed
The University of Wisconsin
Department of Anthropology
Social Science Building
Madison, Wisconsin 53706

Dear Mr. Bleed:

We have received at the office here, and sent on to Don Crabtree, the article on the Manufacturing Technique of the Stone Artifacts from Palmyra, Syria. Dr. Swanson asked me to write to see if you could give us the citation from which this paper came. We could not find it on the copy. We took the liberty of making a xeroxed copy before sending it on to Don.

Thanks very much.

Sincerely,

Mrs. Mae Jones
Crabtree Research Secretary
