Science 10 July 1970 169 146-153

Flaking Stone with Wooden Implements

An Introduction to Flintworking
'Occasional Papers of the I. S. V. Museum #28
1972

To get

1964 Tebwa 7 (1) Heat Treatment of Silica Minerals

1966 A Stoneworker's Approach to Analyzing & Replicating the
Ludlumeyer Dolson Tebwa Vol. 9 (1)

(over)

1967a Notes on Expts in Flintknapping 3. The Flint Knappers
Flaked Stone artifacts Raw Materials & 4. Tools used f. Making

How big was Twin Falls as you 1st knew it?

When did Earl Swanson die? 1975

about 7 yrs ago & no paved rds. Found garnets in gravel

?? { Have you always been an optimist? Trusting?

about 3 years in 1970s

When did you 1st become wary or suspicious of

The motives of others?

Jerome & Peter founded owned water co, bought fr. Don

How big is gem club, etc. (Have Thompson, Duver!)

How did Bert III get interested in gems, artifacts found arrowheads - service etc. Then @ 22 or so it was endemic.

one crop of gem stones

→ about 100 - maybe so active meet Monthly
ΣE meet at CSI or weather res. son (Kimberly)

in 100 people Bu. indomology too Undergr. water.
