U.S.A.

Gentleman,

I am very glad to introduce myself to you as father of Hiroaki Kobayashi, who is now attending to Flintworking Study at Twin Falls, under your kind leading and assistance.

Recently, I was reported by him that you and your wife gave him very warm welcome, inviting him to your house and advising him on various problems about stone instruments, etc.

I appreciate very much for your kindness and cooperation given to him. In fact, this chance to visit your place is a first time for him. He is of course, quite a stranger about America and other foreign countries. I shall, therefore, appreciate if you will kindly lead him on American manner, habit, custom, courtesy, etc., taking advantage of his visit to America.

When this letter will reach to you, your Flintworking study may close successfully, I think. I thank you again for that this good and fruitful chance was given to my son and sincerely hope this meeting will be good forerunner for the study between you, America and he, Japan.

I thank you again and kindly regards to your wife.

Yours Faithfully,

Hiromi Kobayashi
