Sir:

While attending the 30th Plains Conference two weeks ago, I met some of the people who have been on "Crabtree's Retreat". I was told to write to you for an application.

I have a Master's in Anthropology (University of Nebraska, 1971) and will be entering a Ph. D. program next fall. I would like to attend the summer '73 session given by Crabtree and would appreciate any help you may give me.

Sincerely,

JoAnn Shurigar Wzorek
