

20 March 1973

Don:

Just a note to send along with chart I have typed, so you can get an idea of who has inquired about summer flintknapping school. Also, to give you an idea what has been received from each.

At the present time, we have not received any information about the Crabtree grant.

Bill has been trying to contact you by phone for several days. Hope all is well with you and Evelyn.

Best wishes,

*Karen Thomas*
