November 14, 1972

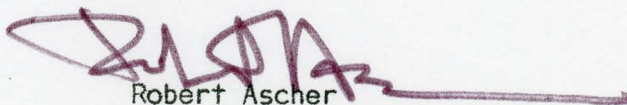

Don Crabtree
Idaho State University Museum
Pocatello, Idaho 83201

Dear Mr. Crabtree:

In the course of the year, I have many occasions to advise students on their choice of archaeological field schools.

I am anxious to receive information about the summer of 1973. If you plan to continue with work this year, would you be kind enough to send the relevant information directly to me? Thank you.

Sincerely,

Robert Ascher
Professor of Anthropology
and Archaeology
