Dear Don,

Many thanks for your telephone call last week. It was good to hear your voice again, and we do hope that you are in good health. Sorry for the delay in getting this to you. Phil Boras, the photographer has been extremely busy this month. Also, I seem to be falling further behind my own schedule. As soon as I get my desk at home cleared off I'll draft that brief report for FLINTKNAPPERS EXCHANGE and get a copy down to you. I wonder how that moose antler is holding up? I'm still hoping to be able to get down your way this fall, but at the moment there are far too many loose ends here for me to make plans. Still hoping to get to London in November. The weather here has been beautiful -- a real Indian summer. If there are further prints, etc. that you would like to have please let me know. Also, if you need more moose antler let me know --the season is about to open and I'm putting in my "orders" with hunter friends. Best wishes,

As ever,

Terry
