POSTE :

Dear Don and Evelyn,

I am a little disturbed having no answer to my letter in which I was telling you that, if you approve, I could pass through Twin Falls on April 9, arriving (subject to modifications, of which you would be informed) by Trans-Magic (yes) airline from Boise at 7.20 P.M. I could stay till April 13; leaving at 9:35 AM.

Let me know how it is with you. If you are tired, and prefer that I do not come, I will understand. But as it is, I am a little worried about your health.

I have received some time ago a letter from Swanson telling about the 1973 project, but it was some weeks ago, before I wrote to you.

Bien amicalement,

F. Bordes
