Dear Francois:

I hear from you, Marie and Pullman that you did not receive my letter inviting you to Kimberly. Don't know what happened as I wrote it as soon as I returned from my trip to Nevada and California.

We are delighted to know that you are coming and will meet the Trans-Magic airline at 7:20 P.M. on April 9th. I just called and confirmed this flight, so you are right on the name and time of arrival.

Have much to discuss with you and will enjoy breaking rocks again. Right now our weather is real good and I sure hope it continues. Did I tell you Earl is going in Sept. to England for a year. He is real busy trying to line up a replacement and get things in order for his leave. Will see him tomorrow at Pocatello.

Sorry you can not go to Pullman. They really wanted you to be there. Just called Ann Irwin and she said you had turned them down.

Am saving a used book store here in town for you where you can buy a trunk full of science fiction for about 15¢ a book. So bring an extra bag.

Looking forward to seeing you real soon.

Hurridly,

Your friends,

Don and Evelyn

Love to Denise.
