TALENCE, LE

Dear Don,

Got your letter of July 16. Here is my schedule. Aug 27-31: Montreal. Sept. 1 to 7: Saratoga Springs. Sept 9 to 15, Dolores. Then Tucson and San Francisco, with a short stop at Denver on the way back to France.

I am glad your trouble with your arm is over. You say nothing about Evelyn, so I suppose she is all right too. I would be very glad to meet you somewhere along my trip. But do not trouble you too much if this cannot be.

I have done some (not much) flint working since I am at Carsac. I have some bits of blue South African calcedony which works like a dream. I shall try to save a bit for you.

Last year I did teach some tricks to a young (16) student, and this year he is back and makes good indirect percussion blades and even some passable laurel leaves!

Hoping to see you in a not far future!

Bien amicalement,

F. Bordes

P.S. In case you come to Saratoga Springs, the address is

Mrs Cécile Ossa

46 State Street Saratoga Springs. Tel (518) 587 4839.

P.S. Well, I will arrive on the 9 of Sept in Dolores, but Bruce plans to take me down to Tucson by the road
