Dear Don,

Just a word to tell you that it is very unlikely we shall meet this time. If I had know before,I could perhaps have saved some days for Idaho,but at that time I thought you would be ~~busy~~ busy elsewhere.... Now,aall is set,etc.The only chance is if you come to Denver,where I will arrive on September 27 at 17.34,and leave on September 29th at 12.It seems to short to be worthwhile.Do as you think is best.

So,give my best to Evelyn,and I hope we shall meet some other time! May be next year,even if I doubt it,as I have to go to Israel and Danemark.

♥ Bien amicalement,

F.Bordes

P.S.In your letter of July 9,you tell me that at the suggestion of June Bug(no ! Junius Bird!) you have given up the billet.I have got also some good results with hammerstones,BUT the flakes I get are NOT like the Solutrean ones.
