

SARATOGA SPRINGS, 30th August
1975

Dear EVELYNE,

Dear DON,

I received ^{your} news from FRANKON - I hope Don will be soon in complete good condition and, please, be sure I am thinking to you both, especially ^{on} the 14th of this month, as usual, for our common wedding anniversary.

I have been here for 3 weeks, from the 8th to the 31th of August - with Cecile and her two children - Martin, 5 years old, and Armelle, nearly 2 years. Paul OSSA, her husband, arrived here yesterday returning from the Congress at Vancouver. He met Marie W. and her husband, both in good health - Georges, my son, is also here, in his way to France, after a Congress of Economists at Toronto. We leave together, Georges and myself, tomorrow for France - (Albany, Boston - Paris - Bordeaux - Paris - Nancy - Bordeaux.)

The parcel arrived too late after Paul's departure. I have it in my
luggage and shall give next week to Jacques Tixier - Merci

I think it is my last opportunity to
be at Sorokofa, because Paul who is
since 3 years assistant professor at
Skidmore College, in the Dpt. of
Anthropology, is searching for a job
for the next year. He is specialised
in Prehistory of North America -
and "un peu" in Old World - so we
don't know where ~~was~~ I visit
them next time and when.

I have the pleasure to announce
I obtained a higher ^{position?} step? in
Centre National de Recherche
Scientifique (CNRS) = I am now a
Director (I was a "Maitre" - Maître)
Jacques Tixier ~~was~~ has been a big help for me
in this promotion!! It has been
a wonderful wedding gift for
me!!!

Kind regards to you both and
mes meilleures et très sincères
amitiés. Best wishes from Gerard and Cécile
and Paul - Deuxième dimanche - May
