Dear Doh,

At long last I can send you the paper back, and not in as good a state as I would have loved, but no time! Well, it is your turn to tear it and change it!

Got a letter from the Binfords, telling me they were to see you somewhere in Arizona or New Mex. Happy bastards!

Our best to Eevelyn. Is Idaho Jim still there?

Bien amicalement,

P.S. I send "La Vermine du Lion" by surface mail.
