Dear Don,

Got your letter here, forwarded by Denise. Glad to see you in Arizona but I do hope to find some days to spend with you in your home, about May 10 or 12.

I do not think it will be necessary for you to bring any obsidian. Jelinek got a lot of it. A ton, I have been told. Anyway, a lot. Good one.

Arizona is pleasant, but, at Chicago, I got a terrible cold who kept me last week sneezing and coughing so much that I am dead tired. Now I begin to feel better. Began to work stone a little, but I have to re-adapt to obsidian. I have obtained a room as workshop.

See you soon, and my best to Evelyn and yourself, and the cats, of course

Bien amicalement
