Dear Don,

I learn from Swanson that you are back in Kimberley. All of us would like news of Evelyn. I have Bruce Bradley in my lab now, and he did not know the bad news.

I hope everything turns all right at the end, and I wish to tell you that even if we are far in distance, we think of you and those of us who believe pray for you.

Denise was in danger herself a few days ago. A fool woman drove her car smack into Denise's, and she (Denise) was thrown out onto the ground. The other car passed her by by only inches! Happily, she has only bruises and scratches, but the car is done for. Kaput, as the Germans say.

Please let us know how you fare. Give her love to Evelyn.

After July 3, my address is (till Aug. 20)

F. Bordes
24 CARSAC-Aillac.

With all very very best wishes

F. Bordes
