

October 6, 1970

Dear Don,

I just get your letter of Oct. 1. I am really distressed to learn the bad news. Let us hope that the treatment will be successful. Give Evelyn our love, from Denise and me. And let us hope for the best.

Of course, the Cro Magnon project is secondary to Evelyn's health. Do not worry about it. It can wait.

As for the books, I send them when you have time. I am sorry to learn about Marie's eye trouble. It seems that bad luck travels in flocks. As for myself, my blood pressure seems all right for now. I had it checked some days ago.

Well, I shall not go to the Leakey conference in Calico. I have not the time, nor the taste. I will send them a statement instead, telling, as I always have said: Maybe.

I have good news from home. Not everything goes wrong at the same time, let us hope. It is enough as it is.

With all very very best wishes to both of you. Cro Magnon or not, I shall try to come next year.

Bien amicalement,

F. Bordes

You have the best wishes from Phil Smith
