historical-technological study of

MR. DON CRABTREE

Brandon knapping in my research here. Will find out about hammers and if I can't obtain any I can at least make detailed measurements of size, weight, type metal used etc and may be able to get a couple made. Let me know about your plans for the school in August. If Tixer & Bordes will be there I will be willing to fly over - how long is a "visit"? Will keep you up to date on developments.
