Mrs. H.W. Bradley  
Box 17330  
Tucson, Arizona 85710

Dear Mrs. Bradley:

It was a real pleasure to receive your letter and have the opportunity to tell you of our nice visit with Bruce at WSU. We had a fine symposium with Francois and it was good to have the opportunity to work together again. Bruce gave a fine talk on the Brandon Flintknapping technique and do hope he will get together with the one remaining worker before his stay in England is over.

We would look forward to coming to Colorado and another meeting with Bruce and, hopefully, Francois. I don't know about September though. Dr. Swanson is leaving then to go to England for nine months and I may have to be at the University at that time. Then in October, we may go to London to join him for thirty days. So I don't know if we can come that late. We will keep in touch with Bruce and see what happens and, at any rate, we will bring our camper along and enjoy using that on your beautiful property.

We will start the summer field school on June 11th to July 9th and hope Bruce will be in the states during that time and can visit us here.

Thank you, again, for the invitation and do hope we can make it. If not, it is possible that we will be in Tucson in January and would love to meet with you then.

Give my best to Bruce when you write.

With best wishes,

Don E. Crabtree
