Dear Don,

Thanks for the letter. Glad to hear about the success of the field ~~site~~ school.

Just received a letter from François. His plans are to be in Montreal about August 30th then to Boston for a week then he is flying to Cortez (here) on about the 9th. We will drive to

Tucson arriving about 15th Sept. ±

I won't be going to Chicago (can't afford it) as they didn't come through with any assistance. I will, however probably be in Wyoming, northern at a site George Frison is digging, on about 20th August. If possible it would be nice to meet somewhere on your way to Chicago. Or you are still welcome here before the 18th. Any suggestions?

Best wishes to Evelyn, yours

Bruce
