

Dear Ruth and Alan;

Great to hear from you and learn of your present studies. Now about your proposed visit ... can you come ~~before~~ AFTER the 26th of September? The reason is as follows: Francis Borden arrives Sept. 15th as per a long, prior arrangement. He and Don plan ten days of intensive work, much of it out of town. Francis (you know what a bear he can be) has specified that there be no interruptions.

I know that two good guys like you will understand perfectly the unusual circumstances. Let us give you a rain-check on the visit.

Best of luck in your work and keep in touch.

Very best from Don and I,
