Pocatello, Idaho 83201

Dear Earl;

Enclosed is the preliminary program and list of participants for the symposium on early man. I listed a tentative title for you. If you get an abstract, (on a blank piece of paper as per enclosed instructions) to the secretary general before March 10 it should get on the printed program. Please send me a copy. I did not list Sue, but you may include her as a joint author if you wish.

Ruth and I will be surveying a section of the Peace River canyon this summer, so we will not be getting down your way. We look forward to seeing you and Jean in Vancouver, however. Have a good season in Owl Cave and find lots of new things on which to report in August. We have heard rumors that you have straightened everything out once again. Good going!

Best,

Alan L. Bryan

Professor
