Dear Don,

we are heading southward  
on our extended trip of the west  
examining early sites.

Could you tell us how to  
find that locality in the Grand Canyon  
area with hand-axes? If there is  
nothing else of interest for us in  
southern Calif. (besides Simpsons'  
dig) or in Sonora, drop a note to  
Werner Kalbach, Dept. of Sociology,  
Univ. of Arizona, Tucson.

If a letter can arrive in L.A. in 5-6  
days you may write to Dr. Douglas  
Osborne, 3442 Rowena Drive

Los Alamitos, Cal. 90720. Perhaps  
a note to both addresses? (or)

629-0017  
We plan to meet ~~at~~ Rob in  
Filer Sept. 12 or 13 for a  
survey of Owyhee caves so we  
will see you there.

We are going with Don  
Inohy to see some high caves  
above Pyramid Lake today.

Best,

Ruth & Alan
