Dear Dr. Caldwell:

Would it be possible for me to subscribe to or be put on the mailing list to receive the River Basin Surveys Publications in Salvage Archaeology.

I am currently a member of the faculty of Idaho State Univ. at Pocatello working at my home at the above address. I am working with Dr. Earl Swanson under an NSF grant to compile a history of the lithic techniques of the primitive peoples, and feel that these reports would be of great help to me in my work.

Any information you can give me regarding obtaining these reports will be greatly appreciated and may I take this opportunity to thank you in advance for any help you may give me.

Yours very truly,

Don E. Crabtree
