

Star of Hope

Over and over

And over again:

"Peace on earth and
Good will toward men."

MERRY CHRISTMAS!

Dear Don,

I am living the good life now. We are able to do what we wish and go where we want.

We just put in a bid on 300 acres in the desert (an estate) and if we get it we may dig a well and have some fun. We can put in a shuffleboard court $\frac{1}{2}$ mile long. It will be the longest shuffleboard in the world.

There is a plan on foot now to build a hotel and resturant 2,000 feet high near the Queen Mary. That would be the tallest building in the world. It sounds exciting.

When ever you make it down this way we want you to be our house guest.

Sally is our present guest. She is Barbaras' youngest. She was hit by a car on a dark and rainy nite near Seattle while trying to gas up a car. Both legs are broken but they heal quickly when young. She uses the wheel chair handly.

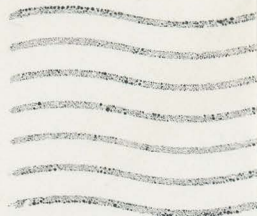

Don't drink too much Kool ade and take care of yourself.

Love, Glenn and Barbara
