

Hi Don,

Barbara addressed the envelope. I started to change it but who knows, you could get married again.

We have had two wonderful years so far. Added a room, visited friends in Australia, and baby sat apartments.

How do we address you now? Does the DR. come before the name or is there initials after?

Wishing you
a jolly holiday
season!

Come on down
and see us. We
have plenty of
room.

Glenn and
Barbara
