Dear Don

I hope you had a pleasant trip back to Twin Falls and are taking things relatively easy.

I would just like to express my thanks to you, as I feel that I benefited greatly and really appreciated your time during your visit to the field school.

I am now knapping when I can, as I was able to bring some obsidian home. I hope to continue my studies in Canada during this fall before returning to England.

Again, many thanks and my regards to Evelyn. I hope you will both feel more comfortable after your next operations.

Kind regards.

Brian Callaghan.
