Don Crabtree, Esq.,  
Route 1,  
Kimberly, Idaho.

Dear Don,

It was so good seeing you both again in Dallas looking so well.

Do you remember that I asked you if there was any possibility that you might be able to find me another antler hammer as mine was stolen last fall. I will be in East Anglia for a while this summer, leaving on the 18th of this month, and I hope to be able to spend a little time at Brandon doing some experimental work. What I want to be able to replace is a fairly heavy antler hammer such as comes from the lower part of the main stock of the antler where it joins the skull. If there is any chance of something a little lighter also, it would be very useful. If it is possible that you can find something for me I'd be most exceedingly grateful and would, of course, refund any expenses involved.

Betty and I send our very kindest remembrances to you and Evelyn,

As ever,

J.Desmond Clark
