

DEPARTMENT OF ANTHROPOLOGY

BERKELEY, CALIFORNIA 94720

20th September

Dear Don,

I should have written before to follow up the acknowledgements. I should have written before to follow up the acknowledgements of your papers on stone working or materials which I have greatly enjoyed reading & have found useful as I am at the moment writing "The Reality of Middle Africa". Am most grateful to receive heavily "The Reality of Middle Africa". Am most grateful

for them and hope you will do some more of the same kind. I hope you will do some more of the same kind.

We have completed at long last the first of the stone working film. We have completed at long last the first of the stone working film.

Francois processing flaking and they have really come out very well. Francois processing flaking and they have really come out very well.

The second film is in process of completion but because film trouble the second film is in process of completion but because film trouble can't be hurried. We have seen three all the footage and can't be hurried. We have seen three all the footage and

we have superb shots of your pressure flaking and especially on making blades we have superb shots of your pressure flaking and especially on making blades

- Clyde Smith should be back shortly and I hope that things will move - Clyde Smith should be back shortly and I hope that things will move

a little more quickly. We have just returned from 10 days in So. a little more quickly. We have just returned from 10 days in So.

California - a vacation as I have been here writing all this summer enjoyable but it never goes as quickly as one would like. California - a vacation as I have been here writing all this summer enjoyable but it never goes as quickly as one would like.

Would you be so kind as to give this letter to Francois if he comes to Berkeley. Would you be so kind as to give this letter to Francois if he comes to Berkeley.

We hope he will stay for a couple of weeks. We hope he will stay for a couple of weeks.
