

Ce. 2.4.77

March 25, 1979

Dear Don,

wanted to drop a note of thanks for the letters of recommendation.

I was accepted at U of Idaho and U of Maine (Quaternary Studies). I have decided to go to Maine as it is far away & has the program which I am more interested in. They are also granting me a year's tuition scholarship which should alleviate the monetary pain.

Ruthann said you were down South (Belize) sunning yourself. Hope it was an enjoyable trip. You will definitely have to come down & visit the D.A.P. this summer and break a few quartzite cobbles for us. Thanks again.

Love,  
Vic
