

a Study Collection of Diagnostic Points
a search to be made for the finest examples of
flint working. The principal examples of
well known forms to be picked for the
Teguniques involved.

Make casts of the Diagnostic Classic Type for
distribution to Museum & Universities with
a complete analysis ~~of~~ of the flake scars for
each artifact

~~By~~ By having the outstanding well known
examples of Teguniques in Relation to ^{form} ~~the~~ available
for Reference. The Relationship of ^{other artifacts} ~~centuries~~ compared
and understood by a comparison to the Classic Types

For an Example what is the relationship between
the Yuma style of flaking and the flaking of the
Eden. - (there are several stages of flaking demonstrated
in producing the Eden) when one is able to
separate the Teguniques demonstrated in the Eden points
Then we will be able to plot geographical occurrence
and know whether we have a ^{Eden} Eden people or
two artifact types.
